Open to remote & international opportunities

PROFILE

Full-stack developer with **8+ years of experience** designing, developing and maintaining robust web applications — SaaS platforms, dashboards, APIs, CMS solutions, third-party integrations and automation tools.

Comfortable across the entire lifecycle, from technical design and database modelling to implementation, testing, deployment and maintenance. Strong PHP fundamentals with extensive **Laravel** and **Symfony** experience, and a growing focus on API-first architectures with **React, Next.js, TypeScript and Docker**.

EXPERIENCE

Oct 2024 — Present

Independent Full-Stack Developer

Self-employed · Casablanca

- Design and build websites and web applications for clients with React / Next.js, JavaScript / TypeScript and Symfony.

May 2022 — Sep 2024

PHP Full-Stack Developer

Auto Dealers Digital · Casablanca

- Contributed to a SaaS website builder built on Laravel and WordPress.
- Built secure, event-driven REST API endpoints and webhooks with token authentication and asynchronous Laravel queues.
- Automated the analytics solution by managing GA4 properties and data with PHP libraries.
- Collected and analysed lead-tracking data to personalise content and engagement (JavaScript, MongoDB, Python / FastAPI).
- Developed custom WordPress plugins.

STACK

Canopy — front end

JavaScript ES6+ · TypeScript · React · Next.js · HTML5 · CSS3 · Tailwind CSS · Twig · responsive design

REST · WEBHOOKS · OAUTH

Roots — back end, data & infrastructure

EXPERIENCE (CONTINUED)

Oct 2021 — Feb 2022

Web Developer

Delit D'Influence · Remote

- Created responsive interfaces with HTML5, CSS3 and JavaScript, and integrated configurable Twig templates.
- Worked with senior engineers on e-commerce solutions built on Sylius.

Mar 2019 — Jun 2021

E-commerce Full-Stack Developer

My Wall · Casablanca

- Designed and developed an open marketplace where independent artists sell their work as wall art, home decor and lifestyle products — Laravel with PayPal and CMI payment integration.

May 2017 — Dec 2018

Junior Web Developer

Irma Service · Casablanca

- Analysed user requirements and built websites with HTML5, CSS3, JavaScript / jQuery, PHP and WordPress.

May 2016 — Sep 2016

Web Development Intern

Irma Service · Casablanca

- Improved the data-archiving process of an internal PHP application.

Jun 2014 — Jan 2015

Web Development Intern

Uniwell Maroc

- Developed websites for small businesses — requirements, development, deployment and maintenance (HTML5, CSS3, JavaScript / jQuery, PHP).
